ITEM FOR BRZEZINSKI AGENDA:

(Excerpt from M/R, discussion with Secretary of Defense)

I delivered the paper on security leaks that I had given to the President. I told him that I would appreciate his suggestions on any other major items and on any special points to put in the President's talking paper. It was suggested that I'd ask the President to invite him to the meeting with the Congressional leadership. He suggested that we should add the Attorney General.
